Organization Statement

NY Center for Autism Treatment, LLC provides home-based ABA therapy for children diagnosed with autism. We are hiring ABA Paraprofessionals / RBT Therapists to provide one-on-one services in the child's home or community setting under BCBA supervision.

Job Description

As an ABA Paraprofessional, you will independently provide one-on-one ABA therapy in the child's home or community setting under the supervision of a BCBA Case Supervisor. You will implement individualized treatment plans designed to improve communication, social skills, and daily living skills.

Responsibilities

- Provide direct ABA therapy under BCBA supervision
- Implement behavioral protocols and record data accurately
- Maintain punctuality and consistent attendance
- Assist families in generalizing skills to natural environments
- Submit session notes daily per agency policy
- Complete required training (e.g., HIPAA, review of BCBA treatment plans)

Qualifications

- High school diploma or equivalent (Required)
 - Autism: 1 year (Required)
 - Working with children: 1 year (Required)
 - Spanish (preferred, not required)
-
- **Minimum Education Level:** Highschool Graduate or GED
 - **Preferred Education Level:** Bachelor's Degree

Application Instructions

Please apply to the ABA Therapy role on Indeed. You can learn more about the role and apply directly there.

Additional Information

RBT Certification Support

We facilitate the RBT certification process:

- Supervised sessions under a BCBA for competency assessment
- Possible partial or full reimbursement for RBT exam fees upon successful certification
- Ongoing supervision for certified RBTs
